

## STUDY PLAN FOR STUDENTS IN A BACHELOR OF MEDICAL SCIENCE WHO COMMENCED IN 2012

- Insert current enrolment and completed courses (ie. copy and paste from ISIS).
- Populate the form with future/prospective enrolment.
- Students in a combined degree only need to check the 96 units of science to check the MEDICAL SCIENCE component of the program, no non-science courses can count towards BMedSci in FDD.
- A maximum of 60 units can come from the completion of 1000 level courses.
- A minimum of 36 units must be completed in 3000 level Science courses.
- Students enrolled in the BMedSci must maintain an average of 65% in all compulsory courses each semester to remain this program. Students who do not maintain 65% will be transferred to the 3 year BSc program.

REQUIRED SCIENCE COURSES (96 units minimum)			
COMPULSORY COMPONENT			
	CODE	Name	Taken
1.	BIOL1003	Evolution, Ecology and Genetics	
2.	BIOL1004	Molecular and Cell Biology	
3.	CHEM1101	Chemistry 1	
4.	CHEM1201	Chemistry 2	
5.	BIOL2103	Human Physiology	
6.	BIOL2142	General Microbiology	
7.	BIOL2161	Genes: Replication and Expression	
8.	BIOL2171	Biochemistry and Nutrition	
9.	BIOL2202	Experimental Design and Analysis in Biology	
10.	BIOL3141	Infection and Immunity	
11.	BIOL3190	Medical Science in the Workplace	
OTHER COURSE LISTINGS (See box on right)
