

STUDY PLAN FOR STUDENTS IN A BACHELOR OF GENETICS WHO COMMENCED IN 2012, 2013 OR 2014

- Insert current enrolment and completed courses (ie. copy and paste from ISIS).
- Populate the form with future/prospective enrolment.
- Students in a combined degree only need to check the 96 units of science to check the Genetics component of the program, no non-science courses can count towards the bachelor of Genetics in a double degree.
- A maximum of 60 units may come from completion of 1000-level courses.
- A minimum of 36 units must come from completion of 3000-level courses from the Science course list.
